AVONDALE
retirement residence

making people's lives BETTER[®]

“Enjoy a **social and supportive lifestyle** in a charming retirement community in **contemporary Leslieville.**”

PART OF OUR COMMUNITY SINCE 2006

Chartwell Avondale, located in the heart of Leslieville in Toronto's east end, offers a vibrant and supportive lifestyle for seniors. Our retirement community sits atop a retail complex that features a variety of professional services and connects residents via Queen Street to nearby boutique shopping, cafés, restaurants and the lake. Easy access to local amenities, transit and Woodbine Beach isn't the only thing you'll love about our urban locale; you'll also enjoy the fabulous skyline views of the CN tower from our rooftop patio.

Though we may be in a big city, inside our residence you'll feel more like you're a part of a small town of friends. Our long-standing staff and engaged population of residents are why we boast such a warm and inclusive atmosphere. Here, you'll enjoy social events, fitness classes, artistic pursuits or whatever makes you feel fulfilled.

OUR UNIQUE LIFESTYLE

One of the most appreciated aspects of our peace of mind lifestyle is our flexible independent supportive living services. Our care options are customized to your individual needs and preferences, and may include services such as medication management, assistance with your morning or evening routine, an escort to meals and much more. We have staff on-site 24-7 to support you, as well as our very own visiting doctor. Thanks to additional care services available through our valuable Care Assist program, you can rest assured that we can cater to your changing needs over time, allowing you to comfortably age in place and experience the worry-free retirement years you deserve.

Offering a choice of bright and spacious studio and one-bedroom suites, three delicious daily meals, weekly housekeeping and parking, we're the perfect place to call home.

Explore our Living at Chartwell brochure to learn more about dining, lifestyle activities and personalized care services.
